

## Corporate Volunteering – Borough Market

Get involved with regular volunteer opportunities at London's oldest and prestigious produce and street food market!

Work alongside our experienced volunteers to get world-class produce to people who need it whilst helping Borough Market achieve their goals to become zero-waste.

Just before the end of the trading day, a group of our dedicated volunteers visits traders to collect surplus food. This is then weighed and sorted in our collection area, ready for local charities to collect.

Participants will receive full training.

Plan Zheroes has worked in partnership with Borough Market for over ten years. The Market trades Tuesday to Sunday, offering your team plenty of opportunities to get involved for a one-off admin fee.

Duration: 1-1.5 hours

Participants: up to 4 per session

Location: Borough Market
